A Top-ranked University with 185 Years of History

Founded in 1841, Queen's University is a research-intensive university with more than 31,000 students. Queen's brings together students and researchers from around the world in a close-knit academic community, located in the beautiful and historic waterfront city of Kingston Known for research in areas including cancer detection and treatment, geoengineering, materials science, AI and supercomputing, Queen's offers a transformative student learning experience enriched by a research-intensive environment.

ACADEMIC EXCELLENCE

High-impact programs across arts, engineering, business, health, and science

RESEARCH AND INNOVATION

Interdisciplinary research hubs tackling global challenges

STUDENT EXPERIENCE

Vibrant student life, strong mentorship, and community engagement

#19 Globally

Mining and Mineral Engineering

With more than 125 years of expertise, Queen's has a long-standing reputation for excellence in mining education and research. In fact, one in four mining and mineral processing engineers who graduated from Canadian universities is a Queen's alum, reflecting our significant contribution to the industry.

TOP 100 Globally

Nursing

Our direct-entry Nursing program combines academic excellence with hands-on clinical education through 34 clinical and community placement partners across Canada. Students complete over 1,400 clinical hours, and graduates achieved a 94% first-time NCLEX-RN pass rate, exceeding the Ontario average of 80.5% (College of Nurses of Ontario, 2023).

TOP 100 Globally

Sports-Related Subjects (Kinesiology)

Our School of Kinesiology and Health Studies brings together the study of human movement, physical activity, and health. Students explore the science behind human performance and well-being through disciplines ranging from biomechanics and exercise physiology to the social and behavioural dimensions of health.

TOP 10 in Canada

Business and Management Studies

At Smith School of Business, our Commerce program combines rigorous business education with experiential learning and strong industry connections. With AACSB and EQUIS accreditation and Canada's #1-ranked career services team, 93% of students receive a job offer within six months of graduation.
