International arrival support initiatives

Upon completion of the admission process, we guide incoming international public every step of the way to make their arrival in France go as smooth as possible.

The International welcome desk website provides general services & information related to the arrival and stay in France.

The Online Welcome Desk platform

creates a personalized roadmap specifying the administrative steps to accomplish prior and upon arrival in France.

Upon arrival, an appointment can be made with our partners at the **GATE** to receive support in administrative procedures related to the settlement in France (health, transportation, residence permit...).
