Brock University, one of Canada's top post-secondary institutions, is in the historic Niagara region. Brock offers all the benefits of a young and modern university in a safe, community-minded city with beautiful natural surroundings.

Brock's main campus is located atop the Niagara Escarpment (UNESCO Biosphere Reserve) in the city of St. Catharines, the largest city in the Niagara Region. Our dynamic city attracts world-class sporting events, engaging cultural experiences and major musical talent.

With more than 19,000 students from more than 100 countries in seven diverse faculties, Brock University offers more than 120 undergraduate and graduate programs led by more than 600 faculty members, including 13 3M Teaching Fellowship Award winners and 12 Canada Research Chairs.

Our degree programs are designed with students' future in mind. We focus on students' career with co-op and service-learning options that provide maximum exposure to the chosen field of study.

As a comprehensive university, Brock has both an expansive undergraduate system, as well as advanced research, post-graduate and doctoral programs. Students choose their courses from a rigorous and experiential academic portfolio spanning seven Faculties.

Faculties:

- Faculty of Applied Health Sciences
- Faculty of Education
- Goodman School of Business
- Faculty of Humanities
- Marilyn I. Walker School of Fine & Performing Arts
- Faculty of Mathematics and Science
- Faculty of Social Sciences

Visit here to learn more about our Faculties.

Research Institutes:

The establishment of Research Centres and Institutes assists research and teaching in a university in many ways. These structures encourage scholarly research and creativity among collectives of faculty, postdoctoral scholars, graduate students, librarians and other researchers that challenge traditional and established disciplinary boundaries. Ours include:

- Brock-Niagara Validation, Prototyping and Manufacturing Institute
- Canada-Caribbean Institute
- Lifespan Development Research Institute
- Cool Climate Oenology and Viticulture Institute (CCOVI)

- Niagara Community Observatory
- Posthumanism Research Institute
- Social Justice Research Institute

Research Centres:

- Brock Functional Inclusive Training Centre
- Centre for Bone and Muscle Health
- Centre for Business Analytics
- Centre for Healthy Youth Development through Sport
- Centre for Sport Capacity
- CPA Centre for Public Policy and Innovation in Accounting
- Environmental Sustainability Research Centre (ESRC)
- Research Centre in Interdisciplinary Arts and Creative Culture
- Brock-Niagara Centre of Excellence in Inclusive & Adaptive Physical Activity

Brock is committed to academic excellence, innovative research, and a dynamic student experience—values that are increasingly reflected in national and international university rankings.

Partnerships:

Brock University is actively engaged in international partnerships with highly reputable academic institutions and organizations that facilitate opportunities for student and faculty engagement and collaboration. Through initiatives like our Visiting Scholars Program, Brock continues to advance their internationalization goals in the area of research collaboration.

Sustainability:

Released June 2025, the Times Higher Education Impact Rankings placed Brock in the top 400 of over 2000 universities from 125 countries/regions around the globe!

In 2024, Brock University earned a Silver rating from its inaugural Sustainability Tracking, Assessment and Rating System (STARS), a comprehensive framework developed for colleges and universities to measure their sustainability performance. Brock is deeply committed to

sustainability and climate action, with one of the most ambitious carbon reduction targets in Canada: a 75% reduction by 2030 and net zero by 2050. Through a variety of initiatives, including Brock's current SPARK project, the university is projected to achieve an 83% reduction in emissions by 2028 compared to its 2013 baseline, surpassing its 2030 goal.
