Learn and experience

COSTA RICA

Costa Rica offers a unique **blend of academic, cultural, and environmental experiences**. With its rich biodiversity, strong commitment to sustainability, and immersive Spanish-speaking environment, students gain hands-on learning through community engagement, eco-tourism, and cultural exchange.

Safe, welcoming, and politically stable, Costa Rica is the perfect destination for a transformative study abroad experience.

📍 Location: San Pedro, San José

OUR PROGRAMS

Faculty-Led

Short-Term

Customized Experiences

OUR PARTNERS

We have partnered with numerous universities in the U.S. since our foundation in 1981, as well as with international organizations, embassies, and other institutions committed to global education and cultural exchange

OUR PROGRAMS

SPANISH IMMERSION

Our Total Immersion Program offers a comprehensive **Spanish-learning experience,** combining intensive language classes, homestay with local families, cultural activities, and exciting excursions. This immersive approach allows students to develop fluency quickly while experiencing Costa Rica's rich culture. Additionally, we can offer academic credits through **St. Petersburg College (SPC) in Florida**

OUR PROGRAMS

TEACHING ABROAD

Our **Teach Abroad Program** is designed for education students seeking real-world teaching experience in an international setting. Participants have the **opportunity to work alongside local educators, engage with diverse student populations** in a dynamic classroom environment.

OUR PROGRAMS

SUSTAINABILITY AND CULTURE

Participants **engage in volunteering projects, take part in an indigenous craft workshop, and stay with local host families** for a deeper cultural connection. The program also includes **eco-tourism visits to small communities**, where students learn about sustainable practices firsthand while supporting local initiatives.

OUR PROGRAMS

BUSINESS IN LATIN AMERICA

Our **Business Program** provides students with a firsthand look at Costa Rica’s dynamic economy through exclusive visits to a variety of companies across different industries. **Participants gain valuable insights into international business practices**, sustainability initiatives, and economic development while engaging with local entrepreneurs and industry leaders.

TAILOR-MADE PROGRAMS

We specialize in **tailor-made programs** that have included fields such as **anthropology, biology, social work, engineering and more**.

We work closely with institutions to design programs that meet academic and professional objectives, handling all logistics, including accommodation, **company and organization visits, excursions, expert lectures, and Spanish classes**.

Our goal is to provide a seamless and enriching experience that combines academics, cultural immersion, and hands-on learning in Costa Rica.
