A Brief Introduction to Xiangnan University

School Gate

Xiangnan University (XNU) was established in 2003 by a merger of the former Chenzhou Normal College, the former Chenzhou Medical College, the former Chenzhou College of Education, and the former Chenzhou Normal School, with a history of over one hundred years. It is a full-time public comprehensive undergraduate university approved by the Ministry of Education of the People's Republic of China.

XNU is located in Chenzhou, namely the southern gate of Hunan Province. Chenzhou is a historical cultural tourist city with a superior geographical location and convenient transportation. XNU embraces beautiful scenery and tranquil environment, which offers faculties and students a pleasant atmosphere for working and studying. It has two main campuses which totally covers an area of 282 acres, with a total building area of 745,400 square meters and the university has initially formed an information-based, ecological modern university park.

There are 18 teaching schools, 7 affiliated hospitals and 53 undergraduate programs in XNU, covering 9 disciplines, such as Economics, Law, Education, Literature, Science, Engineering, Medicine, Management and Art. The university has 6 national "Shuangwan Program" first-class undergraduate programs, namely Social work, Applied Chemistry, Clinical Medicine, Medical Imaging Technology, Mathematics and Applied Mathematics, Computer Science and Technology. There are 3 national comprehensive reform pilot programs and Higher education Characteristic programs of the Ministry of Education. There are 22 first-class undergraduate majors in the provincial "Shuangwan Program", 9 provincial comprehensive reform pilot majors and characteristic majors, 7 provincial key construction disciplines and characteristic applied disciplines. There are 4 national first-class undergraduate courses and 68 provincial first-class undergraduate courses. Up to 2024, there are 23,053 full-time students on campus.

Training Building

The university has 3 national scientific research platforms, including 1 practice teaching base and 2 medical-related laboratory and research base. The affiliated hospitals have 2 national standardized training bases for resident doctors. There are 2 national drug clinical trial institutions, 2 collaborative research center for postdoctoral workstations, 7 provincial research bases of social sciences, 12 provincial key laboratories, and 58 provincial practice teaching platforms. In the past 5 years, students have won 1757 provincial or national awards in various discipline competitions, such as "Challenge Cup" series of competitions, innovation and entrepreneurship competitions, and so on.

Library

XNU implements the strategy of development with talents. The university has 1269 full-time teachers and 898 clinical teachers in affiliated hospitals, among whom 552 are professors, 1119 are associate professors. Among the teachers, there are more than 100 senior talents, such as experts enjoying special government subsidies from the State Council, experts of the Teaching Assessment Committee of the National Ministry of Education, provincial excellent Discipline Leaders, and provincial outstanding teachers. There are about 200 doctoral supervisors and master supervisors.

Xiangnan University adheres to open education and integration of education and industry. In order to cultivate high-quality applied talents with international vision, the university has established cooperation with more than 30 universities from about 10 countries and regions, and has carried out substantive cooperation in the fields of students exchange, teachers training and scientific research. Meanwhile, XNU has successively signed strategic cooperation agreements with local governments of districts and counties, and carried out industry-education cooperation with more than 300 well-known enterprises, scientific research institutes, innovative research and development platforms at home and abroad. XNU has cultivated more than 210,000 outstanding graduates for economic and social development, and a large number of them have grown into well-known experts, scholars, entrepreneurs, and management talents in governments and enterprises.

Warmly welcome overseas friends to Xiangnan University. The path of life extends from here, and the ideals of youth soar from here. XNU is striving towards the goal of building a high-level application-oriented university with distinctive characteristics.
